FEATURES

- The Syma X8C Venture camera can take video and pictures.
- Syma X8C have headless mode function feature.
- The 6-axis system allows the X8C to be hand launched.
- The Syma X8C is a 6-Axis gyro quad-rotorcraft, with strong stability. It can easily implement various flight movements and fly over stronger wind.
- The special 2.4 GHz technology adopted for Syma X8C mitigate the interference, even more when other quadcopters are flying at the same time. The quadcopter can fly both indoor and outdoor.
- It's included a 4CH digital proportional RC system for Syma X8C.
- Functions: Video, Photograph, Raise & Down, Forwards & Backwards, Left & Right Turning, Left & Right Flying, Hovering, 360 Degree Rotating.
